Any contract, verbal or written, contrary to the terms of this sub-section shall be void ab initio, and no District funds shall be expended in payment of such contracts, except as provided in the following sub- section.

1-902(3) and 18-8-308, C.R.S. Any Director who is present at a meeting at which is discussed any matter in which that Director has, directly or indirectly, a private pecuniary or property interest shall disclose such interest to the Board. Unless such Director has given prior advance written notice to the Colorado Secretary of State and to the Board, in accordance with all statutory requirements, such Director shall refrain from advocating for or against the matter and shall disqualify himself/herself from voting on such matter. The Board may adopt a separate policy specifically regarding ethical standards and practices.

- 10.2. <u>Compensation</u>. If the Board consents to and budgets for board compensation, each Director shall receive the maximum compensation authorized by statute. - 10.3. <u>Disclosure of Gifts, Property, etc.</u> Any director receiving any money, loan, gift, or property based on their service as a director shall report such money, loan, gift, or property to the Board and as otherwise may be required by law. Directors are permitted to accept gifts of nominal value at a threshold set by the State of Colorado (as of the adoption of these Bylaws, this amount is \$65).
- 11. <u>INDEMNIFICATION OF DIRECTORS AND EMPLOYEES</u>. To the extent provided by law, the District shall defend, hold harmless and indemnify any Director, officer, agent, volunteer, or employee, whether elective or appointive, against any tort or liability, claim or demand, whether groundless or otherwise, arising out of any alleged act or omission occurring during the performance of duty. The District may compromise and settle any such claim or suit and/or pay the amount of any settlement or judgment rendered thereon. The provisions of this Section 11 shall be subject to the provisions of the Colorado Governmental Immunity Act, Sec. 24-10-101, et seq., C.R.S., the Colorado constitution, and any other applicable law. Nothing herein is to be construed as a waiver of any immunity or defense provided by law.

11.1. For the purposes of this Section 11 only, the following definitions shall apply:

- 11.1.1. "Employee". The term "employee" means a director, officer, employee, or servant (hereinafter collectively referred to as "employee") of the District, whether or not compensated, elected or appointed. The term "employee" specifically excludes any person or organization contracting to perform services or acting for the District as an independent contractor.
- 11.1.2. "Performance of Duty". The term "performance of duty" shall be interpreted as broadly as possible to include any situation in which a District employee could conceivably be

deemed to be acting within the scope of employment. It shall specifically extend to all employees who are providing service on a voluntary basis or otherwise to any private, corporate, or governmental party other than the District, when doing so with the appropriate consent and authorization from the District. The term "Performance of duty" shall not include any act or omission constituting deliberate and intentional tortious or criminal conduct or malfeasance in office, willful or wanton neglect of duty, or conduct which is otherwise determined to be outside the scope of duty.

- 12. <u>BIDDING AND CONTRACTING PROCEDURES</u>. Except in cases in which the District will receive aid from a government agency, or when the Board determines to utilize integrated project delivery contract as provided below, a notice shall be published for bids on all construction contracts for work or material, or both, involving an expense of \$60,000.00 or more. The District may reject all bids. If it appears that the District can perform the work or secure material for less than the lowest bid, it may proceed to do so. If possible, at least three quotes shall be obtained for construction contracts for work or material, or both, involving an expense less than \$60,000.00. The purchase of professional services, fire equipment, apparatus, and vehicles are not subject to these bidding procedures provided, however, that the Board may adopt specific policies with respect to the purchase of such equipment, apparatus, and vehicles.
 - 12.1. A Notice or Invitation to bid shall be published in a newspaper of general circulation within the District boundaries pursuant to state statute. The Notice will request sealed proposals for the specific project. The specifics of the contract will be stated; where and when the plans and specifications may be examined; and the time and place the sealed proposals will be opened and publicly read.
 - 12.2.The Board always retains the right, in its sole discretion, to reject any or all proposals; determine the proposal and subcontractors that will serve the best interests of the District; and determine the proposal and subcontractors which are most responsible to perform the work.
 - 12.3. The Board may determine that bids must be accompanied by an acceptable bidder's bond, or a certified check payable to the District, in an amount equal to 5% of the bid. If within the time designated in the Notice of Award, the Contract is not executed, and, if required, Payment and Performance Bonds and Certificates of Insurance are not provided, the District shall keep the bid bond as liquidated damages and assess such other damages as the District may determine.
 - 12.4. Payment and Performance Bonds are required for all construction contracts over \$50,000.00; and shall be discretionary with the Board for contracts which are under that amount.
 - 12.5. As an alternative to hiring an architect or engineer to design a project, if the Board determines by resolution that an integrated project delivery ("IPD") contract would represent a timely or

Wellington Fire Protection District Bylaws

cost-effective alternative for a public project, the Board may:

- 12.5.1. Pre-qualify contracting entities by publishing a notice of a "request for qualifications" (RFQ) that may include: a description of project; general budget considerations; specific criteria; evidence of competency/experience and capabilities, evidence of all required registrations/credentials to provide the services; and the criteria for prequalification. If an RFQ is published, then the Board must select and prepare a short list of entities that it considers to be most qualified.
- 12.5.2. A request for proposals (RFP) shall then be sent to those on the short list, or, if no RFQ has been done, then the RFP shall be published/advertised. The RFP may contain: procedures to be followed for submitting proposals; criteria for evaluation of proposals; procedures for making the award; required performance standards; description of the drawings, specs, or other submittals to be provided; relevant budget considerations; proposed schedule; and the stipend, if any, that will be paid to those on the short list who are not selected if an RFQ is utilized.
- 12.5.3. Prequalification is not required, but if an RFQ is published, then the Board must select and prepare a short list of entities that it considers to be most qualified. The Board may then issue the RFP to only those prequalified entities and select the proposal that is in the best interests of the District.
- 12.5.4. Other than the public bid requirement (which the IPD replaces if utilized), all other construction laws are applicable to a district construction project (e.g., performance bonds, notice of final settlement, etc.).
- 12.6. In either process, five percent (5%) of all pay estimates shall be withheld during the construction in accordance with applicable law.
- <u>POWERS OF THE BOARD OF DIRECTORS</u>. Without restricting the general powers conferred by law, it is hereby expressly declared that the Board shall have the following power and duties:
 - 13.1.To determine and designate, except as otherwise provided by law or these bylaws, who shall be authorized to make purchases, negotiate for the purchase of real estate, negotiate leases, and sign receipts, endorsements, checks, releases, and other documents.
 - 13.2.To create standing or special committees and to delegate such power and authority thereto as the Board deems necessary and proper for the performance of such committee's functions and obligations, consistent with statutory powers.

- 14. <u>MODIFICATION OF BYLAWS.</u> These bylaws may be altered, amended, or repealed at any regular meeting or at any special meeting of the Board called for that purpose after an initial presentation of the proposal at a prior regular meeting of the Board.
- **15.** <u>SEVERABILITY.</u> If any provision of these Bylaws or the application thereof is held invalid, such invalidity shall not affect the provisions or applications of these Bylaws which can be given effect without the invalid provision or application. To this end, the provisions of these Bylaws are deemed severable.

10. CONFLICT OF INTEREST.

- 10.1. <u>Disclosure of Conflict of Interest.</u> A potential conflict of interest of any Director shall be disclosed in accordance with State law, particularly Article 18 of Title 24, C.R.S., and Sections 32-1-902(3) and 18-8-308, C.R.S. Any Director who is present at a meeting at which is discussed any matter in which that Director has, directly or indirectly, a private pecuniary or property interest shall disclose such interest to the Board. Unless such Director has given prior advance written notice to the Colorado Secretary of State and to the Board, in accordance with all statutory requirements, such Director shall refrain from advocating for or against the matter and shall disqualify himself/herself from voting on such matter. The Board may adopt a separate policy specifically regarding ethical standards and practices.
- 10.2. <u>Compensation</u>. If the Board consents to and budgets for board compensation, each Director shall receive the maximum compensation authorized by statute. No compensation shall be paid

District Bylaws

for any meeting at which that director was absent regardless of whether such absence was excused. Directors shall not receive any other compensation as an employee of the District but may be reimbursed for actual expenses incurred as part of their official duties, as provided by state statute.

- 10.3. <u>Disclosure of Gifts, Property, etc</u>. Any director receiving any money, loan, gift, or property based on their service as a director shall report such money, loan, gift, or property to the Board and as otherwise may be required by law. Directors are permitted to accept gifts of nominal value at a threshold set by the State of Colorado (as of the adoption of these Bylaws, this amount is \$65).
- 11. INDEMNIFICATION OF DIRECTORS AND EMPLOYEES. To the extent provided by law, the District shall defend, hold harmless and indemnify any Director, officer, agent, volunteer, or employee, whether elective or appointive, against any tort or liability, claim or demand, whether groundless or otherwise, arising out of any alleged act or omission occurring during the performance of duty. The District may compromise and settle any such claim or suit and/or pay the amount of any settlement or judgment rendered thereon. The provisions of this Section 11 shall be subject to the provisions of the Colorado Governmental Immunity Act, Sec. 24-10-101, et seq., C.R.S., the Colorado constitution, and any other applicable law. Nothing herein is to be construed as a waiver of any immunity or defense provided by law.
 - 11.1. For the purposes of this Section 11 only, the following definitions shall apply:
 - 11.1.1. "Employee". The term "employee" means a director, officer, employee, or servant (hereinafter collectively referred to as "employee") of the District, whether or not compensated, elected or appointed. The term "employee" specifically excludes any person or organization contracting to perform services or acting for the District as an independent contractor.
 - 11.1.2. "Performance of Duty". The term "performance of duty" shall be interpreted as broadly as possible to include any situation in which a District employee could conceivably be deemed to be acting within the scope of employment. It shall specifically extend to all employees who are providing service on a voluntary basis or otherwise to any private, corporate, or governmental party other than the District, when doing so with the appropriate consent and authorization from the District. The term "Performance of duty" shall not include any act or omission constituting deliberate and intentional tortious or criminal conduct or malfeasance in office, willful or wanton neglect of duty, or conduct which is otherwise determined to be outside the scope of duty.

District Bylaws

- 12. <u>BIDDING AND CONTRACTING PROCEDURES</u>. Except in cases in which the District will receive aid from a government agency, or when the Board determines to utilize integrated project delivery contract as provided below, a notice shall be published for bids on all construction contracts for work or material, or both, involving an expense of \$60,000.00 or more. The District may reject all bids. If it appears that the District can perform the work or secure material for less than the lowest bid, it may proceed to do so. If possible, at least three quotes shall be obtained for construction contracts for work or material, or both, involving an expense less than \$60,000.00. The purchase of professional services, fire equipment, apparatus, and vehicles are not subject to these bidding procedures provided, however, that the Board may adopt specific policies with respect to the purchase of such equipment, apparatus, and vehicles.
 - 12.1. A Notice or Invitation to bid shall be published in a newspaper of general circulation within the District boundaries pursuant to state statute. The Notice will request sealed proposals for the specific project. The specifics of the contract will be stated; where and when the plans and specifications may be examined; and the time and place the sealed proposals will be opened and publicly read.
 - 12.2. The Board always retains the right, in its sole discretion, to reject any or all proposals; determine the proposal and subcontractors that will serve the best interests of the District; and determine the proposal and subcontractors which are most responsible to perform the work.
 - 12.3. The Board may determine that bids must be accompanied by an acceptable bidder's bond, or a certified check payable to the District, in an amount equal to 5% of the bid. If within the time designated in the Notice of Award, the Contract is not executed, and, if required, Payment and Performance Bonds and Certificates of Insurance are not provided, the District shall keep the bid bond as liquidated damages and assess such other damages as the District may determine.
 - 12.4. Payment and Performance Bonds are required for all construction contracts over \$50,000.00; and shall be discretionary with the Board for contracts which are under that amount.
 - 12.5. As an alternative to hiring an architect or engineer to design a project, if the Board determines by resolution that an integrated project delivery ("IPD") contract would represent a timely or cost-effective alternative for a public project, the Board may:
 - 12.5.1. Pre-qualify contracting entities by publishing a notice of a "request for qualifications" (RFQ) that may include: a description of project; general budget considerations; specific criteria; evidence of competency/experience and capabilities, evidence of all required registrations/credentials to provide the services; and the criteria for prequalification. If an

Wellington Fire Protection

District Bylaws

RFQ is published, then the Board must select and prepare a short list of entities that it considers to be most qualified.

- 12.5.2. A request for proposals (RFP) shall then be sent to those on the short list, or, if no RFQ has been done, then the RFP shall be published/advertised. The RFP may contain: procedures to be followed for submitting proposals; criteria for evaluation of proposals; procedures for making the award; required performance standards; description of the drawings, specs, or other submittals to be provided; relevant budget considerations; proposed schedule; and the stipend, if any, that will be paid to those on the short list who are not selected if an RFQ is utilized.
- 12.5.3. Prequalification is not required, but if an RFQ is published, then the Board must select and prepare a short list of entities that it considers to be most qualified. The Board may then issue the RFP to only those prequalified entities and select the proposal that is in the best interests of the District.
- 12.5.4. Other than the public bid requirement (which the IPD replaces if utilized), all other construction laws are applicable to a district construction project (e.g., performance bonds, notice of final settlement, etc.).
- 12.6. In either process, five percent (5%) of all pay estimates shall be withheld during the construction in accordance with applicable law.
- **13.** <u>POWERS OF THE BOARD OF DIRECTORS</u>. Without restricting the general powers conferred by law, it is hereby expressly declared that the Board shall have the following power and duties:
 - 13.1.To determine and designate, except as otherwise provided by law or these bylaws, who shall be authorized to make purchases, negotiate for the purchase of real estate, negotiate leases, and sign receipts, endorsements, checks, releases, and other documents.
 - 13.2.To create standing or special committees and to delegate such power and authority thereto as the Board deems necessary and proper for the performance of such committee's functions and obligations, consistent with statutory powers.
- **14.** <u>MODIFICATION OF BYLAWS.</u> These bylaws may be altered, amended, or repealed at any regular meeting or at any special meeting of the Board called for that purpose after an initial presentation of the proposal at a prior regular meeting of the Board.

15. <u>SEVERABILITY.</u> If any provision of these Bylaws or the application thereof is held invalid, such invalidity shall not affect the provisions or applications of these Bylaws which can be given effect without the invalid provision or application. Suggested wording from legal counsel for the executive session,

""I move that we go into an executive session pursuant to Sec. 24-6- 402(4)(g), C.R.S., for the consideration of the applications of non-finalist candidates for the position of interim fire chief, which are exempt from disclosure under the provision of the Colorado Open Records Act, Sec. 24-72-204(3)(a)(XI), C.R.S."

After the Motion is made and seconded, a vote must be taken to go into executive session. Two[1]thirds of the committee must approve the motion.
